

VENUES ATTACHED TO A CLUB

Please can we ask club admins to log into the portal and ensure that any relevant venues are added to the club. This could be a venue for training or for matches. This will be needed particularly for National League clubs in future seasons as this will replace the facility form. Please do not worry about any pictures or any of the other information missing at the moment.

VENUE INFORMATION

You can remove existing venues if they are incorrect by clicking 'remove'

You can add a venue to the club by searching for the venue and clicking 'add to club'

If you use more than one venue, you can click on more information and select the 'primary venue'
