

Poole Piranhas are looking for an experienced and qualified basketball coach to join their team on an ad hoc basis to start immediately.

The right candidate **must** be qualified to Basketball England Level 2 Coach standard (or above), be reasonably local to the Poole area and have own transport or be able to travel without issue to various venues around Dorset. Regular training is held at The Bourne Academy on Sundays with our existing coaching team. This position is to plug gaps where we may need on Sundays for a few hours. However what we mostly need for our new L2 Coach is to assist us at our U12, U14 and U17 match games in and around Dorset during the season (Nov to May). This will be to support the head coach of those teams as directed for example, to take some stats of the games and be the second pair of eyes on the court.

This position is offered on a 'volunteer with paid expenses' basis where expenses are extremely well paid!

Please contact Coach John for more information and an informal chat
