

Take your coaching to the next level

Combine the

MSc Sports Coaching and Performance

with the

**English Basketball
Level 4 Coaching
Award**

University of
Central Lancashire
UCLan

Learn advanced theory and gain practical insights, alongside elite basketball coaches and professionals from other high-performance sports.

What do you study?

Coach Learning & Development: Explore key theories and research to enhance your coaching methods.

Coaching Analysis: Learn to evaluate team and athlete performance and design effective interventions.

Performance Enhancement: Understand how values, beliefs and behaviours shape coaching.

Professional Identity: Develop self-awareness and your personal coaching philosophy.

Professional Leadership:
Tackle the challenges of leading change and building high-performance cultures.

Professional Landscape:
Combine theory with practical application across elite sport.

As part of your studies, you will complete a dissertation on a topic you're passionate about, guided by expert supervisors.

Flexible, Coach-Friendly Delivery

Designed to fit around your coaching schedule.

Block delivery over 3 years, mostly over Friday evenings and off-season.

A mix of workshops, online sessions and practicals.

Learn from and alongside England Basketball Level 4 coaches and other elite guests.

"This was transformative for my coaching journey, marking one of the first instances where I was genuinely challenged."

Troy Culley

Head Coach

GB U16 Basketball

University of
Central Lancashire
